

NATIONAL CORVETTE MUSEUM JUNE REPORT

The National Corvette Museum and the Motorsport Park are offering a High Performance Driver Education program at the Virginia International Raceway. The museum has been doing this since 2004 with great success. The program focuses on three keys to making you a better driver—Education, Safety and Fun.

Students are separated into groups based on road course driving experience. You get to drive your car as fast as you can in a controlled safe atmosphere. Along with the on-track instructions and classroom instructions you get a second to none theory of high performance driving..

This is a two day event on June 25 and 26 2018, and cost \$499. To register go on live to the National Corvette Museum. The above price does not include room and board.

The ongoing big event at the museum of course is the upcoming 6th national caravan and 25th anniversary at the museum. The dates are August 28 thru 31st 2019. For more info see our caravan coordinator Larry Bishop or visit the museum website.

Also news from Chevrolet Racing is that Chevrolet finished first and second at the 102nd Indianapolis 500. Not exactly Corvette news but the same manufacturer.

In the upcoming events section from the museum there is a Cavalcade of Corvettes car show on June 16 in Jamison Pa, in Bucks county. It is an all corvette show put on by the Corvette Club of Delaware Valley. Might be a nice country ride to see an all-corvette show.

Corvette raffles this month:

June 7th tomorrow, a Black Corvette Coupe 1500 ticket at \$100 each

June 21 an Arctic White Corvette Grand Sport Convertible:: 1000 tickets at \$200 each.

Thats all for now. For more information visit the National Corvette Museum website

Thanks Jim
