

National Corvette Museum Report for September 2019

The highlight of this year was the 25th museum anniversary. I would imagine that everyone who attended has left the museum and is headed home or home already. So, with that in mind the rest of the year will not be quite as exciting as seeing appropriately 5000 corvettes in one place. The next event that is sponsored by the museum, that is fairly close to us is the Corvette racing weekend, there is actually no racing at this event, sponsored by Michelin, at the AACA Museum in Hersey Pa, AACA stands for antique automobile club association. This museum is actually a subsidiary of the Smithsonian Institution. The event starts on Thursday October 24th and runs the weekend. The main event is the Friday night dinner featuring Doug Fehan and Tommy Milner. There is a poker run on Friday and you will travel to the Pioneer Tunnel Coal Mine for a ride in an open mine car through a mine tunnel, then another train ride which will show you another kind of mining, strip mining. There is more going on at this event and you can see it all by going to the museum's website. There are other events at the museum but nothing close by Delaware.

Next up are the current raffles:

**September 19, 2019 A 2019 Elkhart Lake Blue convertible
