

## May 219 Museum Report

Well another bash has come and gone. This year's bash had some real excitement with the preview of the new C8 Corvette (even though it was still wrapped in camo.). The CEO of General Motors, Mary Barra, also made an appearance answering question from the public and media. We also have to thank Mike and Linda Waal for their great pictures of the C8 making its grand entrance, also in Mike's pictures you could see our club banner in a very prominent spot in front of the museum. Our banner will also be in the same spot during the 25<sup>th</sup> anniversary celebration in August. Speaking of the 25th anniversary the museum will be raffling off vin 25 of the next generation Corvette. The tickets are \$25 each and must be ordered via a mail order form that can be downloaded from the museum's website. In all festivity's I never saw any info has to when plant tours will begin again, anyone have more info?

Maybe Mike and Linda could give us their take on the bash?

I think the museum is still having a problem selling raffle tickets because I cannot find any info on upcoming raffles, if any one has any more info on this let us know.

Of course the next big museum will be the 25th museum anniversary celebration, will follow up on these happenings as they come up.

That's all for now, Thanks Jim
