

National Corvette Museum Report for October 2018

As I mentioned in last month's report, because we live so far from the museum, that I would report on items that are useful to us from Delaware.

One item I do want to tell anyone who is thinking about traveling to the museum next year for the anniversary celebration in August is that Jefferson Starship will headline the anniversary concert. [The concert will be on Thursday night August 29th in the museums amphitheater and the concert is included in the cost of registration.](#)

I don't know if any of you use C-magic products on your cars but they are now the official car care product of the museum. The products are used on all the museum delivered cars. For more info go to the website.

This may be a little redundant to some of you but I would like to remind you of some of the benefits of joining the museum. There are now over 36,000 members in the museum. I would imagine most of us would sign up for an individual or family membership. Some of the perks of being a member are free admission to the museum, annual subscription to the magazine Americas Sports Car, 10% discount on items from the Corvette store, discounts on car insurance, GM supplier discount on GM vehicles, discounts on car rentals and hotels. There is also a monthly calendar wallpaper that you can download to your phone or computer. There are a lot more benefits that you can view on the website.
